### Veterans Day Writing Opportunity

### Centennial Campus Improvements

The Walkway Project is underway and the outside stairwells are currently being demolished. Construction will continue throughout the fall semester.

For construction updates at all campuses, visit [ppcc.edu/construction-updates](http://ppcc.edu/construction-updates).

### Inclement Weather Remote Work and Instruction

Because PPCC students, faculty and staff have made huge strides in their ability to work remotely, snow days may become a thing of the past. We will instead move to "Remote Work and Instruction." Stay tuned for more details on the college's new inclement weather practices.

### New Family Resources

PPCC's early childhood professionals have developed free resources on parenting, child development, and fun activities for children ages birth to 5 years old.

Go to [ppcc.edu/child-care/family-resource](http://ppcc.edu/child-care/family-resource) to explore, read, download, share and enjoy.

Check back regularly for new info.

### Stay Vigilant with COVID-19 Safety Protocols

Over time it's natural to start getting lax in our practices but we cannot let that happen. **Unless you're eating or drinking outside or in the lounges, you must socially distance and wear face coverings anytime you are on a PPCC campus.** Our ability to prevent on-campus transmission of the virus protects our ability to have in-person classes and support for students.
